Regarding Nora Sova Ames Crest part 1 -

This will not be a short post. It will be in two parts. I have done what I can to keep it as simple as possible while still providing the needed receipts.

As discussed in this post here https://www.youtube.com/post/UgkxS5Ty... - on September 5, 2023 Nora Sova Ames Crest attacks Loren Spethman at his Facebook page [http://bit.ly/47nZzsn] because he pinned a post with Tony and Dana's live stream about us.

See the two screenshots below -

Look at the first comment Nora left where it says: "So please STOP SPREADING LIES from fearmongers who make pornographic images of me..."

And then later in the second screenshot where Nora says: "the maker of that video you posted makes pornographic images of me" and "He - a reference to Zero Dark Tony - refers to me as Nasty Nora has made "Cum towels" with my face on it."

While the images Nora refers to are what some would consider crass and in poor taste, as far as I understand it they are not illegal nor are they true pornographic images or "revenge porn".

Keep in mind what Nora was willing to try and do to

Keep in mind what Nora was willing to try and do to Loren Spethman over this, going on to make multiple videos and community posts over time about the harassment! the stress! about Zero Dark Tony doing this and other things including later (this year) even making this a part of somehow being worthy of a legal action, a Restraining Order against Tony. (One that is still as yet undecided due to court continuances).

And now, we go down into the vortex of the evil within the controlled opposition of the pretend ex-scientologists and supposed anti-scientology protesters.

First, let's look again at Dana Whitmire's @rottingjewels video titled Scientology's Legacy of Secrets: The Community "Speaks" (Doug Kramer Deserved Better) streamed October 21 2025:

https://www.youtube.com/watch?v=0WuQU...

Some backstory is required here for what I am about to introduce.

I want to make a couple of things very clear here before I do. I am going to be as brief as possible but please understand there is more, much more, to this story. I do not wish to bring a full focus onto that at this time.

Also, just because people we don't know choose to use what we have been documenting so far, does no

use what we have been documenting so far, does not in any way mean we are "coordinated".

Let's begin.

*At 01:14:21 Dana discussed and showed the receipt of an "apology" email she sent to Nora Sova Ames Crest from August 15, 2024.

Of course her "apology" throws us under the bus unjustly. Dana's screenshot shows that she had written to Nora: "I am sorry for not allowing you an opportunity to speak before taking the McClaughrys at their word regarding their blog post about your late father."

With the understanding that Dana had READ that blog post prior to making the video where she shows it, and the understanding that Dana knew that Nora has ZERO first hand witness regarding my intelligence relationship with her father Con Sova (Nora wasn't born yet) - see my post from yesterday with all the documentation of Dana presenting that blog post in a live stream at Zero Dark Tony channel here: https://www.youtube.com/post/UgkxS5Ty...

I think that a fair question one should ask here, is:

Was throwing us under the bus in this "apology" (with Dana knowing full well that Nora Sova Ames Crest was no friend of ours) simply an "in" Dana was looking for to INFILTRATE Nora?

Then there's this that shouldn't go un-noticed - Dana portraying to Nora that our word is not trustworthy

Then there's this that shouldn't go un-noticed - Dana portraying to Nora that our word is not trustworthy, plus her overall portrayal by even including us at all in this "apology"?

That is nothing short of an intentional black pr campaign.

Turns out, one that Dana has engaged in multiple times to try and have it be believed, especially about my wife, that she/we are somehow equalized or as bad as Zero Dark Tony. Zero Dark Tony is a youtuber that Dana and others (including Nora) have repeatedly portrayed publicly in a highly negative light.

To put us as "the same as" is a false association.

Why?

The short form outward story is that this is all because Dana was "mad" at my wife for being truthful, publicly, in keeping her word she made with Dana in their very first conversations, after which Dana started portraying Virginia's exercising her right to free speech as - how did she put it back then? - "making her uncomfortable" LIKE Zero Dark Tony.

I say that one should be asking here: What is the behind-the-scenes story for why Dana has done any of this?

Because to me, it sure is starting to stack up that she's managing to follow right along with the standard black pr campaign that we have been

Because to me, it sure is starting to stack up that she's managing to follow right along with the standard black pr campaign that we have been subjected to for 25+ years now since first beginning to whistleblow against Scientology and its masters.

That all being said -

It is of no small importance that Nora didn't answer Dana's "apology" until December 2024 (Dana shows that receipt too in the video) the timing of which is quite possibly key to some other events which will be brought forth in due time.

Back to Dana's 21 October livestream -

* At 01:17:4 Dana notices a live chat from "Mister Crow" who says: N word Nora. Dana says "No. No. I'm uh...Look. I'm gonna tell you right now, as far as Mister Crow is, like come on."

* At 1:18:04 Dana: "It's been over a year since I sent that email to Nora."

* At 01:18:39 Dana: "But for those who remember what was going on at that time [Dana is talking about her social medial announcement of a miscarriage] and hey, you know what? Sometimes grief and sadness changes your perspective on things. Not that I didn't have a changed perspective, maybe it motivates you enough. Right? To where I felt that I needed to say something. Why? Because I had had a miscarriage."

A changed perspective that is 100 percent wrong when it comes to us and 100 percent wrong about making Nora out to be a "good guy" so to speak, as it turns out.

Why is Dana explaining her apology?

Because her position re Nora changed AFTER that August 2024 apology and AFTER Nora's December 20, 2024 acceptance of her apology.

Dana VERY indirectly touches on this on October 25, 2025 in a video she titled "A Brief Announcement" put up at 12:00PM.

https://www.youtube.com/watch?v=4v270...

* At 2:13 referring to what she has discussed in the two Doug Kramer videos (linked to in the video description)

Dana said: "I have not talked about any of this in almost nine months. I say almost because I believe it was Super Bowl Sunday."

She doesn't provide a link to the video she's referring to.

I will.
